Council Elections

Thursday 2nd May 2019

Photo: Whitemay

Parish and town councils are the most local level of government in England. They are independent bodies responsible for representing all residents in the parish, running many local services, commenting on planning applications and long term development issues and collecting money for their budget through the 'precept' as part of council tax.

They also have wide-ranging powers to become involved in other activities contributing towards the improvement of the environment and quality of life in the parish.

All town councillors are local residents who have volunteered and been elected by the public or the town council. They are unpaid and serve a four-year term. The Town Clerk is a paid position that deals with the Town Council's administration.

The next elections are being held on Thursday 2 May 2019, at the same time as the District Council elections. Make sure you are registered to vote. Contact Electoral Registrations at South Norfolk District Council **01508 533633** or email elections@s-norfolk.gov.uk

A fine body of men: One of the current displays in Wymondham Heritage Museum's 2019 season features the town fire brigade. The museum is open daily until 9 November, Monday to Saturday 10am to 4pm, Sundays 1pm to 4pm. The Bridewell Tearoom serving tea, coffee and home-made cakes is open Monday to Friday 10.30am to 3.30pm.

Town Council News

There's much activity among those who like to get involved in civic affairs at the moment as local elections take centre stage. Election day for Town and District councillors is Thursday 2 May – if you have a vote, make sure you use it! There's news about the next stage in the project at Becketswell to restore the river banks and remove weirs to improve river flow and increase fish stocks. The Tourist Centre in the Market Cross has opened for the summer season, with all kinds of useful information available right here in the town centre.

Setting up for the new season

It surprises many how busy Wymondham Tourist Information Centre is during the early months of the year. As well as being open from 10am - 12pm on Fridays and Saturdays for people to visit the Market Cross, much time is spent on checking, updating, cleaning and re-stocking for the coming season. By the time you read this it is hoped that most of the 2019 local leaflets, plus accommodation guides for England and Wales, will be available. There are also local maps, books, postcards and souvenirs for sale.

Some accommodation providers have ceased their lettings. If you know of any new local providers, of either bed and

breakfast or self-catering accommodation, please do let us know. We like the list of available places to stay in or near Wymondham to be as comprehensive as possible, whether the address takes direct bookings or uses one of the on-line agencies.

If you are a long-term resident or new to the town do visit the Market Cross and we will try to help with any question about Wymondham and the local area, including transport links. Summer hours begin on April 1 and are Mondays, Wednesdays and Fridays, 10am - 2.30pm and Saturdays from 10am – 1.30pm. Bank Holidays (not Good Friday) 10am – 1pm.

We hope to welcome you to the Market Cross during 2019. If you cannot use the stairs please ring the bell and someone

Photo: Whitemay

A mine of information. The Town Council's tourist centre provides information of all kinds, and a visit to the historic building takes you straight back to the Seventeenth Century

will come to you. Other ways to contact the TIC are by email wymondhamtic@btconnect.com or telephone **01953 604721**.

Tiffey river project continues

As we reported in our Winter 2017 edition, the Environment Agency and Norfolk Rivers Trust are running a river restoration project along the River Tiffey between Becketswell Bridge and Damgate Bridge. One of the aims is to improve fish migration and habitat in the river. The project aims to gain the maximum amount of wildlife benefit whilst reducing bank erosion and flood risk.

The River Tiffey is a tributary of the River Yare. It has been classified under Water Framework Direction (WFD) status as 'Poor' for fish due to migration barriers such as mills, weirs and sluice gates, and 'Poor' for hydromorphology due to historic modification. The Environment Agency and Norfolk Rivers Trust are working in partnership to improve WFD standards across Norfolk rivers. They aim to improve the Tiffey and help it achieve 'Good' status by removing the redundant weir and improving water levels and habitat at Becketswell and Damgate Bridge.

So far, a scour assessment and several ecological surveys have been undertaken to identify species of interest and potential impacts of the works on species and riparian infrastructure. The fish surveys showed only four species upstream of the weir and nine

downstream, and the sediment (cobble, gravel and sand) particle size is not representative of a healthy functioning river. The bridge apron and weir do not allow fish to move freely up the watercourse and invertebrates are not able to thrive in the unnatural channel.

The works are necessary to achieve an improvement in the WFD status but will also create a more natural environment. By removing the weir, we will be reducing the risk of flooding upstream, as well as enhancing the riverside habitat for local people to enjoy as they walk through the park.

We hope to begin works in March 2019 and it should take five weeks to complete. In that time, we will need to ensure the safety of the public by closing the informal footpath through the park; it will be signposted in advance for the benefit of regular walkers in the area.

Norfolk Rivers Trust apologises for any inconvenience that these works may cause, and we ask for your support in delivering the project, for people and wildlife alike.

Contact us for any enquiries on **01263 711299** or email ursula@norfolkriverstrust.org

Meeting dates – council & committees

The Town Council normally meets on the first Tuesday of each month with the Finance and General Purposes and Leisure and Environment committees meeting on the third Tuesday of alternate months. The Planning Lighting and Highways committee deals with planning applications and meets on the first and third Tuesday of each month.

Dates until July are set out below. The complete list is available on the Town Council's website.

April

- 2 Planning Lighting and Highways, followed by Town Council
- 16 Planning Lighting and Highways, followed by Finance and General Purposes
- 23 Annual Parish Meeting
- 30 Planning Lighting and Highways

May

- 14 Town Council (AGM)
- 21 Planning Lighting and Highways, followed by Leisure and Environment
- 23 Finance and General Purposes

June

- 4 Planning Lighting and Highways, followed by Town Council
- 18 Planning Lighting and Highways, followed by Finance and General Purposes

July

- 2 Planning Lighting and Highways followed by Town Council

Who are your councillors?

As a result of the elections in 2015 the following have been elected to serve until the next local government elections in 2019 (May 2021 for County Councillors), representing Wymondham on the county (NCC), district (SNC) and/or town councils.

Serving older people at the centre of our community

The Wymondham Day Care Centre was established at Town Green Centre in 1978 to provide day services for older people in the town and surrounding area. Its aim is to promote the continued independence of our members, and provide them with a sense of belonging, helping to combat loneliness and isolation. It also provides an opportunity for respite to carers. The staff are caring, qualified and professional, aided by a team of volunteers.

The centre offers a range of activities, entertainment and seasonal events. Some members sit and chat, others enjoy cards, knitting or read the papers. Tea, coffee and biscuits are served mid-morning and mid-afternoon. Lunch is prepared by our qualified cook, who uses locally sourced ingredients,

taking individual dietary needs into consideration. Afternoon activities include exercise classes, bingo or visiting entertainers.

Please do contact the centre about the services, which are provided for a mix of private individuals and Social Services referrals. Travel to and from the centre can be arranged with a contracted taxi service. Volunteers are always welcome, helping with activities, serving refreshments or simply chatting.

The Centre is open on Mondays, Wednesdays and Fridays, from 9am to 3pm. Fees are available on request from the Centre Manager on **604306**.

Chair yoga keeps older people flexible

Community News

Services for older people, those with disabilities and lonely people are highlighted in three articles about what is available in town. The Heritage Museum in the Bridewell sets out some highlights of its current displays – give them a visit if you've not been there recently, and have a coffee and a slice of cake! The Greening Wymondham group reports on its woodland management work at Kett's Park and previews next month's Big Litter Pick. And the Arts Centre and Music Festival report on this summer's activities.

Volunteer group manages woodland in Wymondham

Volunteer Group Greening Wymondham has been working with the Norwich Fringe Project and the Town Council to restore the woodland on the edge of Kett's Park playing fields. The trees, which were planted some 25 years ago, have never been managed and tree cover has become so dense that wildlife has been unable to thrive.

Work started in the autumn of 2017 and considerable progress has been made to coppice and thin out the overgrown trees. Two large glades have been opened out, and logs used to make habitat piles for wildlife. New trees are being planted where areas have been opened up. Coppiced trees are re-growing and the remaining trees are breathing a sigh of relief as they have room to spread and grow, and birds and other wildlife are returning.

The volunteer project team leader Peter Knights would be pleased to hear from anyone who would like to get involved in the work. The team meets every other Tuesday until March. Peter says "Working in the wood is a great way to get some fresh air and exercise whilst doing something really worthwhile for your community. The volunteers have a good time and learn some useful skills on the way." Contact Peter on starrystarryknights@hotmail.com

The woodland walk running through the wood has always been a problem in the winter, when the clay soil gets saturated and turns

Caution - muddy feet! Woodland walk awaits its planned all-weather surface

into a mud bath. This very popular walk has been almost impossible to use through the winter months. Now Greening Wymondham has raised £24,000 from the European Rural Development Fund, the Town Council, the Big Lottery Fund and others to re-surface the footpath. This will enable it to be used throughout the year and provide level access for prams, wheelchairs and buggies. Work is planned to start in April, as soon as conditions are suitable, and will be carried out by local contractors NCL Ltd.

Greening Wymondham Chairperson Ann Rostron says "Surveys were carried out and showed that there was 100% support for improving the woodland walk. We plan to work with local groups such as the Wymondham Access Group, Wymondham Athletic Club and the Forest Schools Co-ordinator so that local people make the best of this beautiful amenity on the edge of Wymondham".

Wymondham Diabetes Group

This is an informal and friendly support group for people living with diabetes to exchange ideas and provide peer support.

Meetings with speakers are held at Fairland Church in Town Green Wymondham from 2 to 4 pm on the second Tuesday of alternate months starting in February. For more details see Facebook or email wymdiabetes@gmail.com

The group is part of Diabetes UK. Everyone is most welcome.

All Aboard! Successful project for lonely people to be repeated

Following the success of last August's event, the Hub Community Project is repeating its All Aboard! project this April.

Easter is another of those times when families gather for food, fun and companionship. For those who are alone, the Easter holiday period can highlight their loneliness and All Aboard! offers an opportunity for them to get together with others. This will take the form of a 'holiday at home' with three days of activities and entertainment in a very relaxed and informal setting, with a coach outing on the middle day. Participation in the activities is by choice and anyone wishing to come along but not join in will be very welcome. Refreshments and lunch will be provided. The project is supported by the Co-Op and Norfolk Community Foundation.

Loneliness can affect people of all ages, but for the elderly it can lead to emotional and mental health problems. Many older people live alone and are not often visited by their children or other relatives. They can also often lose touch with their other contacts, as they or their friends become increasingly ill and less able to leave their homes, or they suffer bereavements which leave them feeling less able to make connections with new people. This isolation is widespread among those over 75, with as many as 13% admitting that they are either often or always lonely. If you are aware of someone who is isolated, maybe a neighbour, friend or relative, we would ask you to encourage them to come along.

All Aboard will take place Tuesday 9 April to Thurs 11 April 2019 at the Hub, Ayton Road, Wymondham, NR18 0QJ. The project aims to gather older people and connect them with those with similar interests so that lasting friendships can be formed. At the close of the project people will be signposted to local activities; with a companion it is hoped that they will be able to play a fuller part in the community. Evidence shows that combatting loneliness in this way has a positive and beneficial effect on the health of those attending.

The project is free to attend and is inclusive of refreshments, lunch, coach and entry fees. Transport to the Hub from Wymondham Market Place can be arranged: please request at the time of booking. Places are limited so booking is essential. For a booking form please call **01953 798505**. For more information please contact Linda, email linda.bradbeer@lineone.net or call **01603 812619**.

Hub Community Project runs a number of support activities for families in the community. See their website www.hubproject.org.uk for full details.

July			
Tue 2	7.30pm	Town Council meeting	Tiffany Rm, Central Hall
Sat 6	7.30pm	Concert – Wymondham Choral Society concert – Michael Clayton's Missa Beati Virginis Mariae and music by Vaughan Williams	Abbey

Museum season under way

It's 240 years since prison reformer John Howard visited Wymondham's Bridewell, declaring it 'one of the vilest prisons in England'. This led to a major redesign which became the model for prisons across the UK and in America.

Wymondham Heritage Museum was officially opened in the Bridewell in 1996. Twenty-three years on the museum's 2019 season is already well under way. New for visitors is a major exhibition showcasing the history of the town's fire brigade and its firefighters told in words, pictures and artefacts.

The story starts on Sunday 10 June, 1615 when two fires were lit in Vicar and Middleton Streets. The timber-framed, thatched houses were soon engulfed in flames. The Market Cross was reduced to a smouldering ruin. The fires had been started by three travellers and a local accomplice. They were caught and eventually hanged at Norwich Castle.

The Great Fire prompted the purchase of firefighting equipment which was placed around the town including the porch of Wymondham Abbey and later in a store next to Becket's Chapel. In 1780 a fire engine and a manual wheeled pump

were bought. In 1882 a volunteer fire brigade was formed and in 1884 a fire station established in Market Street.

Other displays at the museum include Wymondham Women in World War One which has been retained for a further year. The popular Lost Pubs display has been revamped and, of course, there is the Robert Kett story. It's 470 years since

Kett led the rebellion against rich robber barons who had stolen the common land, leaving the peasants to starve.

For children there is the spooky dungeon, interactive computers and they can operate the 1960s telephone switchboard which once stood in The Abbey Hotel.

New season at Wymondham Arts Centre

This year's opening exhibition at Wymondham Arts Centre in Becket's Chapel is 'Flatlander' by Brian Korteling. The show runs from Saturday 3 to Sunday 19 May.

Having won several awards for his "en plein air" painting in the past few years, 'Flatlander' brings together a body of work inspired by, and celebrating the Norfolk landscape, a landscape that has been Korteling's muse for many years. With many new pieces being shown for the first time. Brian utilises sculpture, photography and paint to reflect and refract the beauty of the natural world.

The season continues until the autumn, and a full programme is available from the centre and the tourist centre in the Market Cross.

Visitor from another galaxy? No, it's one of Brian Korteling's artworks from his opening show in the Arts Centre.

Wymondham's Big Litter Pick

30 million tonnes of litter is collected from the streets in England every year. In an era where local authorities' budgets are coming under increasing pressure, it costs over £1 billion each year to clear up. Yet it is entirely preventable.

Following the great turnout for last year's Big Litter Pick in Wymondham, where over 80 people collected 70 bags of litter, Greening Wymondham are holding another in April as part of South Norfolk's Big Litter Pick.

All are welcome to attend, litter picking equipment will be supplied but bring a pair of gloves. Refreshments will be available afterwards. Date: Saturday 27 April 2019, time: 10am to 1pm, meeting at the Baptist Church, Queen Street. This simple action can make a really positive difference to our community.

For further information contact Peter Knights (Greening Wymondham) email greening.wymondham@gmail.com

Town full of music

24 years of music from Wymondham Music Festival. The Kannannaq Wind Quintet will play in the Abbey on Saturday 22 June. For full listings of events see pages 6 & 7.
